PROFESSIONAL SUMMARY

Web Developer and Full-Stack WordPress Developer with **4+ years** of experience building custom themes, plugins and **WooCommerce** platforms for international clients across the **UAE, Qatar, USA and India**. Comfortable across the full stack, from front-end (HTML, CSS, JavaScript) to back-end (PHP, ACF, custom post types, MySQL, REST APIs), along with hosting, migrations, performance and security. Known for converting Figma designs into custom, dynamic websites and delivering on schedule for agencies and direct clients. Currently expanding my skills in **ReactJS** and modern JavaScript frameworks.

CORE SKILLS

- **Frontend Development:** HTML5, CSS3, Sass, JavaScript, jQuery, AJAX, Bootstrap, Responsive Design, Figma to Web, ReactJS
- **Backend Development:** PHP, MySQL, Custom Themes & Plugins, ACF, Custom Post Types, Hooks/Filters, REST API
- **E-Commerce & Plugins:** WooCommerce, WooCommerce Subscriptions, Stripe, PayPal, LMS (LearnDash, Tutor LMS), Memberships (MemberPress), Forms (Gravity Forms, WPForms), WPML, ACF Pro, Elementor Pro
- **Hosting & Performance:** cPanel, Server Setup, Migrations & DNS, Cloudflare, WP Rocket, Core Web Vitals, Security
- **SEO & Analytics:** Technical SEO, On-Page SEO, Search Console, Google Analytics, Rank Math, Yoast, Ahrefs, SEMrush
- **Tools:** Git/GitHub, Docker, Composer, npm, VS Code, Postman, Chrome DevTools, Claude, Cursor, Codex, Antigravity

PROFESSIONAL EXPERIENCE

Senior Web Developer & Designer *Sep 2025 – Present*

King.Graphics Agency — Dubai, UAE (Remote)

- Architect custom WordPress themes and plugins from scratch (PHP, hooks & filters) rather than relying on page builders.
- Build WooCommerce stores end-to-end, including custom checkout flows, subscription models and payment gateways.
- Develop custom PHP websites with admin dashboards using HTML, CSS, JavaScript and PHP.
- Developed subscription-based systems for marketing agencies to manage recurring plans and client access.
- Own hosting, deployments and migrations for 15+ client sites; improved page speed scores by up to 40%.
- Lead e-commerce and multilingual builds, working with design and business teams across time zones.

Full-Stack WordPress Developer *May 2025 – Sep 2025*

ICT Institute — Islamabad, Pakistan

- Built a WordPress LMS giving 100+ students access to recorded lectures based on their enrolled courses.
- Developed and maintained custom PHP functionality for the institute's blog website and LMS.
- Developed websites with custom functionality, custom post types and Elementor for flexible, client-editable content.

Full-Stack WordPress Developer *Nov 2024 – Feb 2025*

SyNet Digital Marketing Co. LLC — Dubai, UAE (Remote)

- Developed custom theme and plugin functionality (PHP, hooks & filters) for 5+ e-commerce and business clients.
- Built multilingual custom sites, integrating ACF and custom post types with Elementor for client-editable content.

WordPress Developer *Jan 2023 – May 2024*

Fidsor Software Company — Islamabad, Pakistan

- Converted Figma designs into fully custom, dynamic WordPress websites rather than using templates.
- Implemented custom post types, ACF fields and MySQL-backed data structures for client-specific content needs.
- Built responsive interfaces in HTML, CSS, JavaScript and Bootstrap, and supported deployment and server setup.

SELECTED PROJECTS

Art Gallery — Qatar — **artevo-consulting.com**
Custom WordPress theme and plugin architecture, with custom Elementor widgets built for the gallery's showcase.

SEO Service Agency — India — **seoways.com**
Custom theme and plugins with a subscription-based service model, WooCommerce features and a customer dashboard.

Design Agency — Dubai, UAE — **designx24.com**
Custom theme development with a subscription model and a custom-built WooCommerce customer dashboard.

Luggage Retail E-Commerce — Dubai, UAE — **shonati.com**
Online luggage store on a custom theme and Elementor, with extended WooCommerce features and customer dashboard.

King.Graphics Portfolio — Dubai, UAE — **website.king.graphics**
Built without WordPress using HTML, CSS, JavaScript and PHP, with a self-built PHP dashboard to manage portfolio content.
